

# TANET uniSwitch

## **green-Effective® Ultra concentrated floor- and surface cleaner**

### ■ Eco-efficient performance with eco-effective product design

User and environmental safety at the highest cleaning performance

- Certified with the European Ecolabel (AT 020/012)
- Registered in the positive list of "DIE UMWELTBERATUNG"
- Complete abandonment of toxic and harmful materials
- Outperforms other products at lower use concentration

### Sustainable development and production

#### EMAS:

- Continuous improvement of environmental performance
- Annual sustainability report
- Energy and water management
- Social Fairness

#### DIN ISO 14001:

- Continuous improvement in reducing waste and CO2 emissions, and saving of energy, water and material consumption

#### ISO 50001:

- Continuous improvement of energy management: performance, efficiency, security, use and consumption

#### A.I.S.E.-Charter:

- Safe and sustainable manufacturing of cleaning products

#### DIN ISO 9001:

- Continuous improvement of management processes and customer satisfaction
- Established quality management system in product development and production

### Complete biodegradability

- TANET uniSwitch with all its ingredients is totally biodegradable and has proven this important property in an accredited mineralization test according to OECD 302 B standard\*

\*for more information please visit [www.wmprof.com](http://www.wmprof.com)

### Intensive use of renewable resources – continuous increase of the reutilisation score

- Production under extensive use of renewable raw materials and energy using to 100% hydroelectric, solar and geothermic power
- Production widely independent of crude oil: 61% of organic carbon processed in TANET uniSwitch originates from renewable plant resources which enables a production that is widely independent of crude oil
- Active water stewardship maintaining an own fresh and waste water treatment

### Ingredient declaration

For the ingredients list, please see the Safety Data Sheet

### Traditional German quality - driving your durable business development

- More than 30 years pioneer in sustainable product development
- Smart hygiene solutions ensuring profitable growth
- Trusted brand

### Professional user training and on-site support for Sustainable Hygiene Solutions

- Comprehensive knowledge transfer through qualified cleaning consultants
- Customized hygiene plans and cleaning recommendations optimizing your business and cleaning procedures
- Increased service value and strengthened company reputation

# TANET uniSwitch

## **green-Effective® Ultra concentrated floor- and surface cleaner**

- Exact dosing ■ Safe application ■ Reduce, Reuse, Recycle

### Product profile

- The good wetting properties ensure easy and thorough removal of dirt and grease from porous stone floors and even from hydrophobic surfaces such as PUR, leaving no streaks or stripes.
- The highly concentrated formulation makes a cost-efficient use possible.
- TANET uniSwitch is part of the Switch system, that combines dosing and refilling.
- TANET uniSwitch comes in a highly sustainable bottle and Switch dosing cap made of 100% Post Consumer Recyclate allowing accurate and safe dosing while avoiding direct product contact.
- Thanks to the 1L mono-material Cradle to Cradle® Gold pouch, the bottle can be refilled again and again.

### Application and Dosing

Switch the lever and dose in relation to application and degree of soil.

1x = 5ml/4l

Mop the floor with a clean mop.

Can be applied in washing machines or for manual cleaning.

Wipe the surface wet or damp with a clean cloth.

1x = 5ml/750ml

### Area of application

- TANET uniSwitch is suitable for all water-resistant floors such as stone, rubber, linoleum, PVC, PUR etc.
- Particularly suitable for flooring with acrylic floor polishes, and for all washable surfaces such as plastic, glass, ceramics, metal and varnish.

### Product safety, storage and environmental instructions

**Safety:** For professional use only. For further information, see Safety Data Sheet.

**Storage:** Store at room temperature in the original container.

**Environmental:** For maximum effectiveness always use the correct dosage. This will minimize water consumption and reduce water pollution. Dispose of container into the collection of recyclables only when it is completely empty.
