HOW TO USE

Trigger Bottle 1:50

Mop 1:50

Floor Polish Maintainer

Important for floor maintenance. If used regularly, Andarta Floor Polish Maintainer removes grease, scuff marks and daily grime, whilst maintaining the polish to keep floor shining for longer.

Directions for use: To remove cap: Place bottle on a firm flat surface. Grip cap and turn anti-clockwise. To replace cap: Grip cap and screw clockwise until tight. Sweep floor to remove excess debris and dust. For use in a trigger bottle: Dilute 1:50 and apply as a fine mist. Buff to a shine. For scuff marks and heavy soiling, pre clean areas with floor gel prior to application. For use with a mop: Dilute 1:50 in a bucket and mop desired area. Avoid over wetting floor as this will increase drying time. Allow to dry and then buff to a shine.

WARNING: Causes serious eye irritation. Wash contaminated skin thoroughly after handling. Wear protective gloves/protective clothing/eye protection/face protection. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. Dispose of contents/container in accordance with local regulations.

CONTAINS: Alcohol C12-14 Ethoxylated, Phosphoric Acid, 2-bromo-2-nitro-1,3-propanediol.

FOR PROFESSIONAL USE ONLY.

Safety Data Sheet available upon request.

Store in original container in a cool, dry place.
