

# Andarta® SynergySmart System 700

**Reduce paper  
consumption  
by 40%**

## Introducing SynergySmart System 700

Designed for demanding, high-traffic washrooms, Andarta System 700 combines twin-roll capacity with an innovative single-sheet dispensing mechanism.

This helps reduce paper consumption and maximise roll use compared to conventional toilet tissue dispensers.

# About System 700

System 700 features an innovative dispenser design to maximise system capacity, driving washroom efficiencies through:

- **Adjustable dispensing aperture** controls paper flow and allows multiple paper plys
- **Single-sheet dispensing** reduces paper consumption and improves hygiene
- **Twin roll system** increases capacity and reduces refill times
- **Transparent view window** allows at-a-glance maintenance
- **Can be mounted in multiple ways** for maximum flexibility
- **Lockable unit** for increased security

SINGLE-SHEET < DISPENSING

> **ADJUSTABLE DISPENSER APERTURE**

Adjust for different paper plys

> **CAN BE MOUNTED MULTIPLE WAYS**

## PURE TISSUE PAPER

Rapidly dissolves in water for reduced environmental impact  
Helps prevent blocked drains

## FEWER REFILLS

Reduced maintenance  
Improved efficiency

## LIFETIME GUARANTEE

\*Terms and conditions apply

## MAXIMISE EFFICIENCY

Never-run-out twin roll system

## ENHANCED HYGIENE

Touchless dispensing  
Fully-enclosed rolls  
Reduced contamination

## CONTROLLED DISPENSING

Increased efficiency  
Reduced waste
