

System 500 Features & Benefits

Andarta System 500

From our Andarta range: our autocut hand roll towel dispenser. Extremely fast and easy to load, the dispenser is ideal for demanding washroom environments. Delivering pre-measured flat sheets of paper towels, the dispenser helps reduce paper usage and waste, helping streamline washroom costs and efficiencies. Combining high-capacity design with great user functionality, our System 500 range provides a economical, sustainable solution for every washroom area.

Click through the numbers to see the various features of Andarta System 500.
